

MACal 9800 Pro

Long-term premium marking films for branding

This exclusive Mactac film is designed for high-performance permanent applications with up to 10 years of outdoor life. A highly flexible facestock gives excellent conformability on flat to slightly curved surfaces. MACal 9800 Pro Series features a high-performance, permanent solvent-based acrylic adhesive, and a white Kraft liner for stability and lay-flat properties.

Macal 9800 B-free PRO is available in 25 colors and MACal 9800 HT PRO is available in both matt and gloss White and Black grades. An excellent choice for fleet branding, equipment identification, window graphics, and logos - the preferred choice of signage converters since 1985.

Advantages

- 25 colors available with B-free technology
- Wide range of colours: 100 gloss and 11 matt
- Outdoor durability up to 10 years
- Colour matching as of 2600 lm (except for HT & BF)

MACal 9800 Pro

Applications

- Long-term vehicle marking
- Window graphics
- Decorative & retail signage panels

Technical characteristics

- 66 µm polymeric calendered vinyl film, cadmium-free
- High-quality solvent-based permanent acrylic adhesive
- Highly stable 135 gsm (PRO & HT) / 145 gsm (BF) white kraft paper with grey backprinting

Improved Colour Matching Service

Many projects in the graphics industry require bespoke colours that either match the brand design or the project specifications. Mactac is able to perfectly match almost any colour you need with an easy process:

- Simply send us a sample of the required colour
- In 2 weeks' time, you will receive the colour match sample for approval
- Your colour can be produced in a few weeks' time with a minimum order quantity that has been decreased to 15 rolls (with price premium)
